

3 December 1958

Commanding Officer
Headquarters 359th Air Base Group
Francis E. Warren Air Force Base, Wyoming

Dear Colonel Payne:

The cordial welcome and fine hospitality extended to members of my staff and other Agency and service representatives visiting Francis E. Warren Air Force Base on 11 - 12 October 1958 was sincerely and gratefully appreciated. The group's tour, which just recently was completed, included visits to various atomic energy and missile operational and test facilities in the country and was most successful.

[] and others have been most enthusiastic about the treatment accorded them and requested that special thanks be extended to Colonel Muentert, Colonel Hilton and Lieutenant Colonel Hayes for their generous aid and assistance. Your breakfast visit with the group and accompaniment on the field trip was greatly appreciated by all hands.

STAT

If at any time you are in the Washington area, I would consider it a privilege to thank you personally for your generous cooperation.

Very truly yours,

Arthur C. Lundahl
